

# DEEPFLIGHT YACHT CLASS SUBMERSIBLES

---

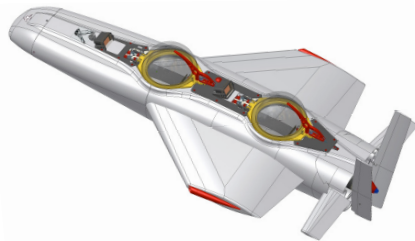

## DeepFlight™ Offers:

- Proven technology based on 40 years experience in building over 60 manned submersibles
  - Unparalleled safety standards, the ONLY positively buoyant submersibles
  - Ideal 360 degree viewing canopies
  - Proven ease of integration into yachts with simple launch and recovery methods
  - Quick learning curve for piloting
  - High-performance, experience-based submersibles
  - Custom designs to fit your specific needs
  - Unique experience of underwater flight
- 

## DeepFlight™ Super Falcon (DF - 302<sup>1</sup>):

- Luxury underwater flight
- First built for Tom Perkins' S/Y Maltese Falcon
- Uncompromised safety, comfort, performance, and build quality
- Advanced composite pressure hull, heads-up navigation and fly-by-wire controls
- Available in 1, 2, and 3 seat configurations
- Depth: 300 meters
- Standard 2-person specs: LOA: 6.0m, WOA: 3.0m, HOA: 1.6m, Wt. 1,818kg

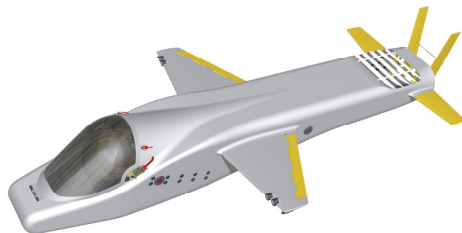

## DeepFlight™ Super Falcon Delta Wing (DF - 3020 - D<sup>1</sup>):

- Super Falcon reconfigured for compact storage
- Fuselage skins and external arrangement of components formed into delta wings to minimize length and width
- Well-suited for transom garages
- DeepFlight™ can further customize craft to fit vessel requirements
- Available in 1 and 2 seat configurations
- Depth: 300 meters
- Standard 2-person specs: LOA: 4.57m, WOA: 2.39m, HOA: 1.2m, Wt. 1,908kg

## DeepFlight™ Merlin (DF - 103 - OC<sup>2</sup>):

- Underwater flight with open cockpit experience
- Built-in patented SCUBA safety system
- The lightest and most compact of any advanced submersible
- Fits moderate sized yachts
- Available in 1, 2, and 3 seat configurations
- Depth: 45 meters
- Standard 3-person specs: LOA: 4.57m, WOA: 2.39m, HOA: 1.2m, Wt. 700kg

## Custom Products Limited Only by Your Imagination:

- Shown is DeepFlight™ Challenger (DF-11001<sup>1</sup>), the world's only full ocean depth submersible
  - Built for adventurer Steve Fossett
  - Depth: 11,277 meters
  - 1/10th the weight and 10 times the range of any other deep submersible
-
